## Board Supports Fontana Children's Library

**SAN BERNARDINO** – On Tuesday, the Board of Supervisors agreed to contribute \$5,000 to support the planned Martin Luther King Children's section at the Lewis Library and Technology Center in Fontana.

"I think it's fantastic the City of Fontana has taken the lead on building this new regional library and to ensuring it can serve every facet of the community," said Board of Supervisors Chairman Paul Biane, who requested the funding. "The Dr. Martin Luther King Children's section will be a place where children can learn and let their imaginations soar."

The Dr. Martin Luther King Children's section will occupy about 13,000 square feet inside the 93,000 square-foot library. The section, as planned, will feature colorful touchscreen kiosks children can use to access various book presentations. The area will also feature group study rooms, a homework center, and computers loaded with educational software.

More information about the Lewis Library and Technology Center is available online at [www.FontanaLibrary.org](http://www.FontanaLibrary.org).
